A
Sensory perception of light stimulus
Response to light stimulus
Visual perception
Positive regulation of cellular metab...
Positive regulation of cellular biosy...
Positive regulation of nitrogen compo...
Signal transduction
Regulation of cellular protein metabo...
Animal organ development
Positive regulation of cell different...
Negative regulation of apoptotic process
Regulation of cell migration
Negative regulation of programmed cel...
Positive regulation of cellular compo...
Regulation of programmed cell death
Negative regulation of gene expression
Regulation of apoptotic process
Positive regulation of gene expression
Negative regulation of biosynthetic p...
Cellular chemical homeostasis
Neurogenesis
Nervous system development
Negative regulation of cell death
Negative regulation of cellular metab...
Generation of neurons
Multicellular organism development
Ion homeostasis
Negative regulation of signal transdu...
Cell development
Regulation of organelle organization
